Environmental and Social Completion Sheet (ESCS)

Overview

Project Name:	PIAGGIO RDI VEHICLE IMPROVEMENTS
Project Number:	2018-0220
Country:	Italy
Project Description:	The project concerned the promoter's R&D activities during the period 2019-2021, for the development of technologies and products in the areas of Scooters, Motorcycles and Light Commercial Vehicles.

Summary of Environmental and Social Assessment at Completion

The project concerned R&D activities that were carried out in the Promoter's existing facilities without changing the already authorised scope.

The project's objective was to contribute to the advancement of a more efficient, sustainable and safer European transport system, through the development of new two and three wheel mobility solutions, the deployment of electrified powertrains, improvements in preventive and active safety and through the contribution to the improvement of traffic congestions in urban areas.

Summary opinion of Environmental and Social aspects at completion:

EIB is of the opinion, based on reports from the promoter, that the Project has been implemented in line with EIB Environmental and Social Standards, applicable at the time of appraisal.
